

Programs to help your employees improve their health

**Introducing Simple Steps To A Healthier Life®
for Aetna Small Group in Maryland, Virginia
and Washington, DC***

Creating a healthy, productive workplace starts by providing employees with the tool to achieve optimal health

Simple Steps To A Healthier Life is an online wellness program that can help your employees take a more active role in managing their health. It helps evaluate their current health status and provides a plan to help them make sustainable positive lifestyle changes. Simple Steps To A Healthier Life focuses on health risk reduction, prevention and early intervention to help users address possible health issues before they become unmanageable and costly.

Program features

This engaging, easy-to-use tool makes it easy for your employees to better understand their potential health risks and what can be done to improve or maintain their health:

- Confidential and HIPAA-compliant online Health Assessment that evaluates many factors of their health
- User-friendly reports that help employees learn about their potential health risks and what they can do about them
- Personalized action plan
- Printable Health Summary they can share with their doctor
- Action plan with recommended online Aetna Healthy Living® programs based on their Health Assessment
- Interactive tools that help employees make positive health changes that last

For no additional cost, give your employees the tool to better manage their health.
